
CREATING EFFECTIVE and ENGAGED TEAMS in SCHOOLS

Teams are at the heart of happy classrooms, effective schools and healthy school districts.

Whether it's a District Executive Team, Professional Learning Community, Teachers and Students, School Boards, Parent Organizations, teams matter to education.

When you're working well together, nothing can stop you. When you're not on the same page, it seems that nothing can motivate you. The quality of education goes down. Ultimately, the children suffer.

If you are ready to unleash newfound energy, trust, cooperation, and commitment on your most important teams, then you are ready for BridgeWorks.

Our proven coaching, consulting and seminars provide results!

TEAM BUILDING

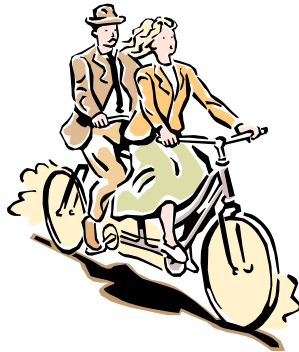

COACHING

TRAIN THE TRAINER

MOTIVATION

Everybody on a team is motivated. They're just motivated by different things and, sometimes, toward different things.

Your team can be more effective and engaged when each member knows how to get what he or she needs out of the process.

Are you going in the same direction?

Our Team Building programs help pinpoint the things that will drive your success as a team.

- ◆ Deal with motivation, conflict and communication.
- ◆ Learn how to bring out the best in each other.
- ◆ Blend individual talents into a dynamic team approach.

CONSULTATION

Our BridgeWorks team would be happy to meet with you for a complimentary consultation. Together, we'll assess your needs. Then we'll create a comprehensive proposal to help you meet and exceed your goals!

As part of the consultation, we'll supply you with your own DiSC® personalized self-assessment from Inscape Publishing. You'll learn about your behavioral style and how it shapes your communication, management style, goals, fears, strengths, and motivations.

YOUR COACH AND TRAINER

Rebekah Simon-Peter, a long-time resident of Wyoming, is a Certified DiSC® Trainer, Coach, and Consultant. Since 2007, she has been helping leaders and teams create breakthrough results. Superintendents, principals, teachers, school psychologists, staff and students have all benefited from her insightful and engaging training, coaching and consulting.

RECOMMENDATION

Ms. Rebekah Simon-Peter of BridgeWorks has been an invaluable asset to our Professional Learning Community culture.

Her coaching and training of our school administrators has helped a great group of leaders begin to perform in extraordinary ways.

It has been a worthwhile investment that is paying huge dividends.

Ultimately it will be our children who benefit the most.

She and her program has my strongest recommendation.

M. Neil Terhune Ed. D.

Superintendent

Carbon County School District 1
